PROJECT MANAGEMENT
BREAKING BOUNDARIES

"Data and analytics is not the next big thing; it's today's big thing. If you don't make the most of it now, you'll fall behind the competition."
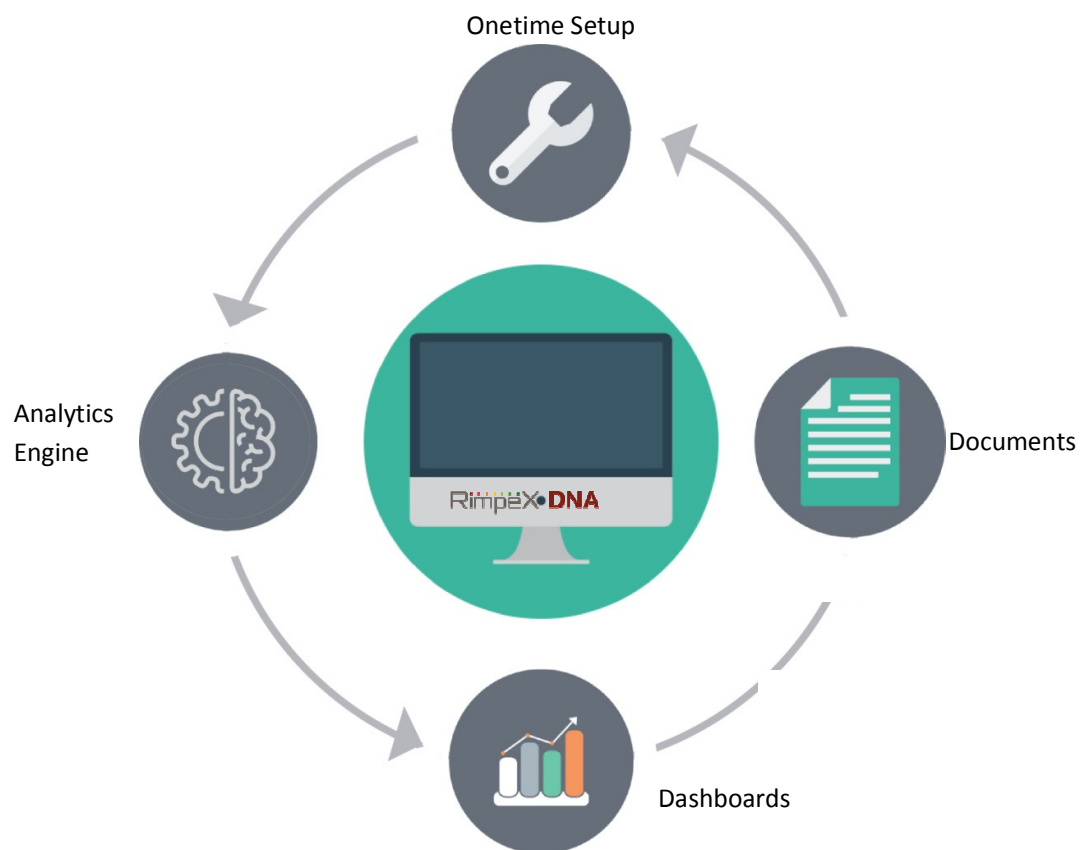

RimpeX DNA

WHAT IS RimpeX DNA?

RimpeX DNA brings you the project dashboards completely automated by analyzing enormous construction data flowing every day in your projects. RimpeX DNA does not merely present numbers and figures to management. Our dashboards are purpose-built to be a reliable way to assess and predict project performance and send warning signals, so that project team can intervene swiftly when things are not going according to plan.

ONE TIME SETUP;

PROJECT LIFETIME AUTOMATION

We do it without disturbing any of your current systems.

Be it third party or local server or tracking logs in excel worksheets in your pc, RimpeX DNA provides real time reports regardless of where and how your data is stored. The current system of data entry is not disturbed. No additional human effort is required from your part other than of course, viewing the reports and taking necessary actions based on them.

"It 's apparent that project management stills lacks transparency and has too many gaps in policies, procedures and controls. What is needed is a more reliable way to accurately assess and predict project performance, and send out early warnings, so that project teams can intervene swiftly when things aren't going according to plan."
